

Kentucky Fried Carriage!

We were delighted to hear from Debbie Murden who decided to take her Bennington Backstep to the Drive-Thru...

Taking her stallion Rhyfel Dago to McDonalds, they were told that they would not be served. Furious yet undeterred, they popped next door to KFC who were delighted to serve Debbie and Dago. The patrons were also delighted to see a Bennington whilst they tucked into lunch! Why not have a look at Debbie and Dago in action on YouTube.

Debbie noted 'I absolutely love my Bennington Backstep and am glad I saved up to buy it. Nobody believes me when I tell them it is 24yrs old, but I just say 'you have to pay for quality'. We couldn't put it better ourselves and are delighted to hear that Debbie's Bennington is bringing as much pleasure now as it was 24 years ago.

If you have any Bennington related stories that you think might be of interest, we'd love to hear from you. Send an e-mail and any photo's to sue@bennington.co.uk.
