## **Bennington Zoom #2 a carriage driving catch-up!**

After a very successful first “Bennington Elevenses” and lots of positive feedback, we are delighted to announce the details of our next meeting. Response was fabulous and the initial meeting provided a great opportunity for carriage drivers to connect, share knowledge and inspire each other. Our next call – to be held at 7pm on Thursday February 11<sup>th</sup> – will be entitled “Harnessing Up!”. We plan to cover a range of harness related topics, including fitting and maintenance and sharing hints and tips to provide added safety and comfort. We’ll be sharing videos, images and there will be lots of opportunity for interactive discussion and debate – as well as lots of fun too!

We will be using Zoom to host the call, so please contact me at [sue@bennington.co.uk](mailto:sue@bennington.co.uk) and I’ll share the details. Places are limited, so please get in touch ASAP. If you need any assistance using Zoom, I can help set up and test prior to the call.

Team Bennington and I are very much looking forward to chatting with you on the 11<sup>th</sup> February.

## **Book your Bennington for its health check and service**

Despite the current restrictions, we're delighted to keep the wheels turning for our customers whilst remaining COVID safe. By using our long term logistics partner – also known as Gordon from Lincs Loads - we can collect and deliver, ensuring sales, servicing and maintenance can be performed without you leaving your property.

Here's a picture of Gordon, who we can assure you is smiling under his mask, dropping off a Bennington Carriage that's booked in for its regular health check and service to ensure it remains factory fresh, performing at optimum levels and most importantly, safe.
