

Butterfly Driving Bits

Arched Mouth Butterfly Bit

The Arched Mouthpiece is similar in action to a mullen mouth, but the mouthpiece curves upwards rather than forward, allowing more tongue room. This mouthpiece is plain on one side, and ribbed on the other. Unlike other ribbed models in our range, this bit is not reversible. It comes complete with a leather curb strap for "no pinch" comfort.

Mouth Size	Mouth Thick	Cheek Length	Cat No
5" (12.5cm)	17mm	135mm	121416
5 ½" (14cm)	17mm	135mm	121418
6" (15.25cm)	17mm	135mm	121420

"White" Straight Mouth

The unique shape and material of this bit provides a softer mouthpiece, which encourages relaxation. It comes complete with a leather curb strap for "no pinch" comfort.

Mouth Size	Mouth Thick	Cheek Length	Cat No
4 ½" (11.5cm)	17mm	135mm	121424
5" (12.5cm)	17mm	135mm	121426
5 ½" (14cm)	17mm	135mm	121428

"White" Straight Mouth (Small Rings)

The unique shape and material of this bit provides a softer mouthpiece, which encourages relaxation. It comes complete with a single curb chain.

This model is very similar to the straight mouth bit pictured above, except that it has smaller, more delicately shaped rings for finer heads.

Mouth Size	Mouth Thick	Cheek Length	Cat No
4 ½" (11.5cm)	19mm	120mm	121205
5" (12.5cm)	19mm	120mm	121206
5 ½" (14cm)	19mm	120mm	121207

Low Port with Cherry Rollers

The copper rollers encourage play, while the port prevents the horse from getting his tongue over the bit. This model has fixed cheeks and comes complete with a single link curb chain.

Mouth Size	Mouth Thick	Cheek Length	Cat No
5" (12.5cm)	21mm	150mm	121406
5 ½" (14cm)	21mm	150mm	121408
6" (15.25cm)	21mm	150mm	121410

All Zilco bits are high quality 18/8 Stainless Steel, unless otherwise indicated

Driving Harness Bits

Liverpool Driving Bits

Arched Mouth

These bits feature an arched mouthpiece that offers the horse more tongue room. Both models are reversible - with a smooth mouthpiece on one side and ribs on the other. Double link curb chain.

6" (15.25cm)	12mm	2	140mm	121290

Low Port with Cherry Rollers

The fixed cheekpieces of this model prevent pinching of the lips, and the rollers encourage play. The port offers more tongue room and prevents the horse from getting his tongue over the bit. Comes with single link curb chain.

Mouth Size	Mouth Thick	Slots	Cheek Length	Cat No
5 1/2" (14cm)	21mm	2	138mm	121278
6" (15.25cm)	21mm	2	138mm	121280

High Shank with Jaw Bar

This model is designed to be used with multiples. The fixed cheek prevents pinching of the lips. The high shank offers extra leverage and poll pressure. The bottom bar is designed to prevent the reins from becoming tangled. Comes with a single link curb chain

Mouth Size	Mouth Thick	Slots	Cheek Length	Cat No
5" (12.5cm)	21mm	3	240mm	121266
5 1/2" (14cm)	21mm	3	240mm	121268
6" (15.25cm)	21mm	3	240mm	121270

Half Liverpool with Curved Port Mouth

The anatomically curved mouthpiece relieves pressure on the tongue. It comes complete with a leather curb strap for "no pinch" comfort.

Mouth Size	Mouth Thick	Slots	Cheek Length	Cat No
4 1/2" (11.5cm)	12mm	2	140mm	121344

5 1/2" (14cm)	12mm	2	210mm	121348

Military Driving Bits

Military Bit

Also known as an "Elbow Ported Bit", this model functions similarly to a Liverpool bit, except that the cheeks are set back at a square angle at the mouth. This design stops the horse from grabbing the bit and prevents pinching of the cheeks. There are multiple settings on the shank to allow varying degrees of control. It comes complete with a double link curb chain.

This bit has ribs on one side and a smooth mouthpiece on the other.

Mouth Size	Mouth Thick	Slots	Cheek Length	Cat No
5" (12.5cm)	16mm	2	180mm	121226
5 1/2" (14cm)	16mm	2	180mm	121228
