

IMPORTANT PLEASE READ

Below are some important safety instructions for care of your “Bennington Carriage”

NOTE:

With all carriages we expect Customer Participation to ensure the long term care and safety of your carriage.

2 wheeler

- Always make sure the carriage is balanced correctly
- Make sure the spring clip is secure in the axle and the seat (if fitted)
- Always do a visual check prior to using the carriage
- Never drive alone
- Check, maintain and regularly service your carriage

4 wheelers

- Make sure the spring clip is secure in the axle (if an extending axle is fitted)
- Never drive alone
- When driving over rough terrain make sure there is somebody on the back step to aid stability
- Always do a visual check prior to using the carriage
- Make sure the spring clips and nuts are secure on the shaft pin bolt
- Check, maintain and regularly service your carriage
