

SL Shetland - single & pair

- Elegantly proportioned to suit Shetlands and Small Ponies.
- Light to handle yet smart, sturdy and comfortable for all levels of competition.
- SL harness is made from Zilco's superb quality materials and includes quality stainless steel fittings for effortless wipe-clean maintenance.
- Flexi saddle for a comfortable fit on all types of conformation.
- Bridle has special design features to suit shetland pony heads:
 - Variable length browband to allow for thick forelocks and broad foreheads.
 - Throatlash is set back from headpiece and has extensive adjustment. This is a safety feature which helps to prevent ponies with thick manes and small ears from scratching their bridles off.
 - Elegantly shaped blinkers to show off pretty little heads.
- The SL model has a traditionally shaped breastplate and breeching for a more elegant and traditional style in the show ring.
- Suitable for: pleasure or show driving.
